

ARMY?

NAVY?

MARINE CORPS?

**Celebrate our Veterans
And our Veteran Locomotive!**

Pacific Railroad Society owns and operates a 1941 General Electric switch engine used consecutively by the United States Army, Navy, and Marine Corps. This engine is used to move cars around at our Dart storage facility in East Los Angeles. It is operable, but its batteries have worn out.

We believe it is time that this venerable veteran get some of the attention it deserves. In addition to replacing the batteries and doing some basic maintenance, we would like to repair its broken windows and paint the body. To do this, we propose that each of us who can make a donation in the name of a friend or family member who has served our country in the Armed Forces or Merchant Marine. If you know anything about the person's service, please include those details with your donation. You can use the form on the back of this appeal. The funds will be used to get the engine running again and the stories will be shared with your fellow members at the time of the re-dedication of our locomotive, which we hope to do by Veteran's Day this year, and the names of the honorees will be preserved at the Pacific Railroad Museum in San Dimas.

If you would like to support our locomotive Veteran and help inform the country about the service of railroads and the Transportation Corps during times of conflict, and want to recognize a friend or family member who has served, please send your donation along with the details on the other side, or use the donation function on our pacificrailroadsociety.org website. Progress on this appeal will be documented in *Wheel Clicks* along with the names of the honorees.

To kick off this appeal, I am making a donation of \$25 in honor of my uncle, Roy T. Fleming. Uncle Roy was one of the six founders of PRS and served as its first vice-president and newsletter editor. After Pearl Harbor, he enlisted in the United States Army and served until 1946, when he went to work for the Western Pacific Railroad.

Donation towards Veteran Locomotive 7199

In honor of _____

Branch of Service: _____

Years of Service, if known: _____
